- | | |
|----------------------------|----------------------------|
| • Length: 3.27in – 83.3 mm | • Height: 1.12in – 28.6 mm |
| • Width: 2.53in – 64.5mm | • Weight: 0.26lb / 0.119Kg |

The EVGA PowerLink™ 41s seamlessly connects to your EVGA GeForce RTX 3090 Ti FTW3 while providing maximum stability, improved case airflow, and glows with fully-customizable ARGB LED. Designed exclusively for EVGA GeForce RTX 3090 Ti FTW3 Series with the new 16-pin power connector, the EVGA PowerLink™ 41s brings better cable management to a whole new generation.

NEXT-GEN Cable Management

Say goodbye to messy cables and connectors. Your EVGA GeForce RTX 3090 Ti FTW3 deserves better cable management and case airflow to go along with your perfectly-tailored system with the EVGA PowerLink™ 41s.

Power Filtering

Multiple solid-state capacitors filter the power source before it reaches the graphics card, improving stability and reducing ripple and noise.

ARGB Lighting

Connect the EVGA PowerLink™ to the ARGB header on your EVGA GeForce RTX 3090 Ti FTW3, and then control the ARGB lighting and effects through EVGA Precision X1™ to sync your style.
