

EVGA Announces new faster e-GeForce 8800's with ACS³ Cooling

Brea, California and Munich, Germany - Tuesday, January 2, 2007 □ EVGA Announces new faster e-GeForce 8800's with ACS³ Cooling

EVGA, a leading provider of performance computing hardware, today announced the release of their e-GeForce 8800 GTX KO w/ ACS³ (P/N: 768-P2-N837-AR) and 8800 GTS KO w/ ACS³ (P/N: 640-P2-N827-AR) NVIDIA® technology-based graphics card. The new 8800GTX KO ACS3, in addition to EVGA's patented ACS3 cooling, is spec'd at an amazing 626MHz core clock with 2.0GHz memory. The 8800GTS is spec'd at a groundbreaking 580MHz core, 1.7GHz memory. These new graphics cards will be available at online retailers at an MSRP of \$649.99 for the 8800GTX KO ACS3, and \$479.99 for the 8800GTS KO ACS3.

These new cards, in addition to strict in house testing, feature EVGA's exclusive ACS3 cooling which ensures top notch quality, performance and reliability for gamers. This same level of testing and quality allowed Vince "k|ngp|n" Lucido to set the 3DMark 2006 world record at over 24,000 points with a pair of EVGA 8800GTX's and an EVGA 680i mainboard.

"These new EVGA 8800 cards with ACS³ cooling crank up the performance and take gaming to revolutionary levels. EVGA's ACS³ cooling technology aids in the increased performance and reliability of these higher performance EVGA 8800 cards." said Andrew Han, President and CEO of EVGA.

In addition to the new ACS3 models, EVGA is also announcing two Superclocked models, with EVGA reference cooling:

□ e-GeForce 8800 GTX Superclocked (P/N: 768-P2-N835-AR) is spec'd at 621MHz core clock with 2.0GHz memory.

□ e-GeForce 8800 GTS Superclocked (P/N: 640-P2-N825-AR) is spec'd at 576MHz core clock with 1.7GHz memory.

The EVGA Difference

Known for offering value and performance, as well as top notch customer service, EVGA is recognized through customer loyalty and the highest levels in customer satisfaction. In addition to the expanded product lines, consumers and channel partners will also benefit from increased sales and technical support programs:

- The EVGA Limited Lifetime Warranty - available for all retail EVGA Graphics Cards.
- EVGA proprietary Advanced RMA (EAR) service -for allowing customers to get a replacement card before sending the defective product back to EVGA.
- 24/7 Phone Technical Support - to assure users that courteous and friendly assistance will always be available at anytime of the day or night.
- Step-Up Program - for the ability to trade up existing EVGA products for newer technology.
- Community Message Boards -full of thousands of knowledgeable, friendly and satisfied EVGA customers.

About EVGA

EVGA is the #1 NVIDIA authorized partner in channel sales throughout North America. Based on the philosophy of intelligent innovation, market knowledge, and the real time operation, EVGA continues to identify the need in the market place and providing the solution to that need. By offering product differentiation, a 90 day Step-Up program, and other customer focused programs, EVGA is a clear leader in all categories: etail, retail, distribution, and system builders. With headquarters in Brea, CA, EVGA's global coverage includes EVGA GmbH in Munich, EVGA LATAM in Miami, and EVGA Hong Kong. For further information online about EVGA, visit <http://www.evga.com>.
