

EVGA Announces the e-GeForce 6800GS CO SUPERCLOCKED □ 256MB PCI-E and AGP8X Graphics Cards.

Brea, CA and Munich, Germany - Friday, January 27, 2006 □

EVGA, a leading provider of performance computing hardware, today announced the introduction of their new e-GeForce 6800GS CO SUPERCLOCKED □ (P/N:256-P2-N391-AX, 256-P2-N390-AX, 256-A8-N397-TX) line of NVIDIA® technology-based graphics cards. The new graphics cards are the most recent additions to EVGA's e-GeForce 6800GS series as part of the EVTweak □ initiative. Further complementing the mainstream market with cards capable of HDR, PixelShader3.0 and ShaderModel3.0 support now common in today's latest games, they will be available from selected leading E-tail partners, System Builders and Distributors or at www.evga.com.

The SUPERCLOCKED □ line of graphics cards (formerly referred to as the "CO" line), is the next installment of the groundbreaking leap forward in 3D graphics design, delivering the unparalleled horsepower and revolutionary technologies you need to tear through the latest games. With 12 pixel pipelines and core clock speeds as high as 490 MHz (PCI-E), and memory clocked up to a blazing 1100MHz featuring NVIDIA® PureVideo □ technology, EVGA SUPERCLOCKED □ Video Cards have the performance and features you need to play the latest games and enjoy home-theater quality video.

"The EVGA SUPERCLOCKED □ series of cards are a culmination of thousands of hours of torture testing to ensure that you get the absolute best bang for your buck, right out of the box," said Andrew Han, President and CEO of EVGA. "Born from the EVTweak pedigree that has proven itself time and time again to be second to none."

The EVGA Difference

Known for offering value and performance as well as top notch customer service, EVGA is recognized through customer loyalty and the highest levels in customer satisfaction. In addition to the expanded product lines, consumers and channel partners will also benefit from increased sales and technical support programs:

- The EVGA Limited Lifetime Warranty - available for all retail EVGA Products
- 24/7 Phone Technical Support - to assure users that courteous and friendly assistance will always be available at anytime of the day or night
- EGS - EVGA Genuine Spec to ensure reliability and quality in every EGS product
- Dynamic live support with SyScan □ Utility for technical support and problem solving
- Step-Up □ Program for the ability to trade up existing EVGA products for newer technology
- Community Message Boards full of thousands of knowledgeable, friendly and satisfied EVGA customers
- Community Chat for a live experience with fellow EVGA community members

About EVGA

EVGA is the #1 NVIDIA authorized partner in channel sales throughout North America. Based on the philosophy of intelligent innovation, market knowledge, and the real time operation, EVGA continues to identify the need in the market place and providing the solution to that need. By offering product differentiation, a 90 day Step-Up program, and other customer focused programs, EVGA is a clear leader in all categories: etail, retail, distribution, and system builders. With headquarters in Brea, CA, EVGA's global coverage includes EVGA GmbH in Munich, EVGA LATAM in Miami, and EVGA Hong Kong. For further information online about EVGA, visit <http://www.evga.com>.
