

EVGA Announces the SuperNOVA NEX750 and NEX650 Power Supplies

- Wednesday, October 24, 2012 □ EVGA is proud to introduce the EVGA SuperNOVA NEX750 and NEX650 power supplies. Designed with enthusiast needs in mind the NEX series is the best choice to power next generation enthusiast computers. Combining 750W or 650W of continuous power with exceptional performance, stunning efficiency, and cutting-edge design and features, the NEX series power supplies are what you need to take your system to the next level.

These new power supplies will accompany the EVGA SuperNOVA NEX1500 Classified powersupply that launched earlier this year. The NEX1500 Classified has won over 5 awards from leading editorial sites, commending it's ground breaking performance, feature set, and industry leading 10 Year Warranty.

Continuous Power:

Trust EVGA to label all of our power supplies in Continuous Power, the steady power a PSU can output continuously, rather than the amount delivered at its short-lived peak.

Modular Cables:

EVGA Delivers the highest quality cables, with a modular design for optimal cable management and the best looks.

EVGA 5 Year Warranty (Gold Models):

With an exceptional 5 year warranty and EVGA's legendary customer support, you can rest easy knowing that you've got the best protection in the industry.

Features:

- * Exceptional 5 Year Warranty (Gold models) and unparalleled EVGA Customer Support
- * 80PLUS Gold/Bronze pending, with up to 90% efficiency under typical loads
- * Highest quality Japanese brand capacitors ensure long-term reliability
- * Fully Modular to reduce clutter and improve airflow (Gold Models)
- * Quiet Fan for near-silent operation
- * High Amperage Multi-Rail Design for maximum power and efficiency

The EVGA Difference

Known for offering value and performance, as well as top notch customer service, EVGA is recognized through customer loyalty and the highest levels in customer satisfaction. In addition to the expanded product lines, consumers and channel partners will also benefit from increased sales and technical support programs:

1. Global Warranty – No registration required, upgraded warranties available
2. EVGA proprietary Advanced RMA (EAR) service - to enable customers to receive a replacement card before sending the defective product back to EVGA.
3. 24/7 Phone Technical Support (U.S.) - to assure users that courteous and friendly assistance will always be available at anytime of the day or night.
4. Step-Up Program - for the ability to trade up existing EVGA products for newer technology.
5. Community Message Boards - full of thousands of knowledgeable, friendly and satisfied EVGA customers.
6. EVGA MODS RIGS - show off your rig, win cash prizes.
7. EVGA Gaming - EVGA game servers open 24/7 featuring the latest games.

EVGA was also recently awarded the top accolades in the industry-recognized PC Pro Excellence Awards 2012 – in both the Graphics Cards and Motherboards Categories:

“EVGA won plenty of praise from readers for the duration of its warranties and the quality of its after-sales support.”

PC Pro, November 2012 (Issue 217)

“EVGA takes all the glory this year with its industry-leading scores for reliability (94%) and value for money (95%).”

PC Pro, November 2012 (Issue 217)

About EVGA

EVGA is the #1 NVIDIA authorized partner in channel sales throughout North America. Based on the philosophy of intelligent innovation, market knowledge, and the real time operation, EVGA continues to identify the need in the market place and providing the solution to that need. By offering product differentiation, a 90 day Step-Up program, and other customer focused programs, EVGA is a clear leader in all categories: etail, retail, distribution, and system builders. With headquarters in Brea, CA, EVGA's global coverage includes EVGA GmbH in Munich, EVGA LATAM in Miami, and EVGA Hong Kong. For further information online about EVGA, visit <http://www.evga.com>.
