

Buy Select EVGA Motherboards - Get FuzeDrive™ FREE!**- Wednesday, November 14, 2018** □

For a limited time you can get "Less Boot Time and More Game Time" with a FREE* copy of Enmotus FuzeDrive™ when you purchase a qualifying EVGA motherboard. A \$59.99 value!

FuzeDrive™ software combines your performance SSD with capacity storage into a single fully automated volume. Your games' active data is dynamically placed on your fast storage media without any manual intervention. Advanced Machine Intelligence learns how you use your system and ensures SSD performance for all your applications.

Your games are served up from your fast storage media resulting in fast boot times, accelerated game loading and applications. Dynamic data movement means you no longer have to manually manage what drive to store your data on.
