Introducing the EVGA BP Series - Powerful Precision

Introducing the EVGA BP power supplies, where precision is power. The EVGA BP power supplies add another affordable option to EVGA's 80PLUS Bronze-certified lineup, while reducing the overall length to 120mm - EVGA's shortest ATX power supply to-date! The BP power supplies feature a 115mm hydraulic bearing fan to ensure that staying cool and quiet is no tall order. Combining a full suite of protections and EVGA's 3 Year Limited Warranty, this power supply should be on the short list for your next system build.

Features
Short and SilentThe BP Series gives you both extra space at 120mm long and silence with an HYB fan.
Standard ATX Form FactorWill fit most mATX, EATX, HPTX, and XL-ATX cases.
80PLUS Bronze Efficiency80Plus Bronze certification ensures your power supply isn't wasting power and turning it into excess heat. Under typical load this power supply is 85% efficient or higher.
Hard-Lined DesignHard-Lined design attaches your cables to the power supply for ease of installation and removal. You can be ready to go right out of the box.
DC to DC ConverterVoltage step-down for rock-solid power stability and minimal signal noise. (For 3.3V and 5V)
Hydraulic Bearing FanHydraulic Bearings reduce the wear and tear on a fan's bearings, reduce noise, and feature a longer-lasting life than sleeve bearing fans.
