

EVGA is proud to announce the nForce 780i SLI motherboard, featuring the latest in NVIDIA nForce technology. Maximum performance. Ultimate control.

Brea, California and Munich, Germany - Monday, December 17, 2007 □ EVGA Corporation, one of the leading-edge 3D processor and motherboard manufacturers, announces the latest addition to its line of high-performance SLI-ready motherboards, the EVGA nForce 780i SLI. Engineered for the Enthusiast, this motherboard features the powerful NVIDIA® 780i SLI MCP which provides the best platform for your gaming or overclocking needs. Award winning NVIDIA® overclocking tools provide a complete kit of tools giving everyone from the most veteran enthusiast to the novice overclocker the ability to unleash the hardware in their PC. Available December 17th, 2007, the EVGA nForce 780i SLI motherboard brings screaming performance and SLI power at a \$259.99 retail price.

This next generation EVGA nForce 780i SLI motherboard supports the latest Intel socket 775 Core™ 2 family Processors, including the 45nm Yorkfield and Wolfsdale. It also features three 16x PCI Express slots for unmatched 3 way SLI performance. Complete the package with PCI Express 2.0 slots and a new high performance chipset cooling solution to deliver blazing speeds and throughput. Products will be available starting December 17, 2007 through EVGA's network of leading E-tailers, Retailers, Systems Integrators, OEM System Manufacturers and Distributors.

New and Key features introduced on the EVGA 780i SLI motherboard:

- NVIDIA® 780i SLI chipset capable of extreme FSB speeds and true 3x16 SLI support
- Intel Core™ 2 Extreme, Core™ 2 Quad, and Core™ 2 Duo support (including 45nm)
- SLI-Ready memory support for extreme DDR2 memory speeds
- PCI Express 2.0
- ESA certified platform
- 2 Gigabit Ethernet
- 8 Channel HD audio

About EVGA

EVGA is the #1 NVIDIA authorized partner in channel sales throughout North America. Based on the philosophy of intelligent innovation, market knowledge, and the real time operation, EVGA continues to identify the need in the market place and providing the solution to that need. By offering product differentiation, a 90 day Step-Up program, and other customer focused programs, EVGA is a clear leader in all categories: etail, retail, distribution, and system builders. With headquarters in Brea, CA, EVGA's global coverage includes EVGA GmbH in Munich, EVGA LATAM in Miami, and EVGA Hong Kong. For further information online about EVGA, visit <http://www.evga.com>.
