

EVGA Releases Motherboard BIOS Updates to Support the Latest 9th Gen Intel Core Processors

- Friday, April 12, 2019 □

Today, EVGA officially releases BIOS updates for its Intel 300 Series motherboards to support both current and future 9th Gen Intel Core processors.

These BIOS updates are necessary to support the newest stepping on 9th Gen Intel Core processors, as well as provide future support for unreleased processors.

Download the latest BIOS for your EVGA Intel 300 series motherboard by clicking the download link below. This will take you to our download page where you can find the release notes and installation instructions.
