Introducing the EVGA GeForce RTX 2080 & 2070 SUPER KO Graphics Cards!

Round Two

EVGA is back in the ring with the new EVGA GeForce RTX 2080 SUPER and GeForce RTX 2070 SUPER KO Edition. EVGA is ready to Knock Out the competition with a value that won't miss.

NVIDIA® TURING

Giving you the performance you need.

SUPER Knockout Performance

The new GeForce RTX SUPER Series cards deliver everything you need to rule your game. They're powered by the Turing architecture and feature more cores and higher clocks. This gives you up to 25% faster performance than the original RTX 20 Series and 6X the performance of previous-generation 10-Series GPUs.

RTX ON

See every game come alive with ray tracing that delivers physically accurate shadows, reflections, and lighting. And tap into Tensor Cores for super-powerful AI-processing. Advanced memory, performance boosts, and processing technologies make these GPUs the perfect weapon for hardcore gamers...

EVGA Precision X1

Take Control with EVGA Precision X1. With a brand new layout, completely new codebase, new features and more. The new EVGA Precision X1 software is faster, easier and better than ever, allowing you to control the fans and monitor your cards vitals. [Download Now!](#)
