

## Ready For Day 1 Gaming + Free EVGA TORQ X5 Gaming Mouse Offer

**- Friday, May 24, 2019** □

EVGA GeForce GTX & GeForce RTX graphics cards with GeForce Game Ready Drivers achieve the highest performance on launch day for new gaming titles and the best features.

### THE DRIVE TO BE THE BEST

For each major game release:

NVIDIA works closely with developers to boost performance, fix bugs, and improve your gaming experience. NVIDIA Technologies, such as GameWorks, give you the tools to optimize gameplay. GeForce Experience automatically notifies you when game ready driver updates are available and lets you update to the latest driver—without leaving your desktop.

As shown, the game ready driver for World War Z adds up to an 18% performance boost when compared to the previous driver.

### NVIDIA GEFORCE EXPERIENCE

On day one, NVIDIA GeForce Experience features include:

Recording and sharing gameplay videos and livestreams on YouTube, Twitch, and Facebook directly through GeForce Experience. NVIDIA ShadowPlay technology allows broadcasting with minimal performance overhead. An in-game overlay makes it fast and easy to enable and configure settings. Automatic driver updates when any new updates are available.

Also on day one, GeForce Experience has your back by configuring the game's graphics settings for you. Don't know what texture filtering level to set in game? Not to worry. NVIDIA taps into the power of the NVIDIA cloud data center to test thousands of PC hardware configurations and find the best balance of performance and image quality. Then it automatically configures personalized graphics settings based on your PC's GPU, CPU, and display.

### Precision X1

With an EVGA graphics card, you can tune any card settings via Precision X1 to ensure maximum performance on day one. The new EVGA Precision X1 will unleash a graphics card's full potential with a built-in overclock scanner, adjustable frequency curve and RGB LED control.

### GEFORCE GTX 1660/1650 + Free TORQ X5 Mouse

For a limited time you can not only get the best game launch experience but you can win your next match with a free EVGA Torq X5 Gaming mouse with the purchase of any GeForce GTX 1660 or GeForce GTX 1650.\*

\*For purchases made from EVGA.com only. Limit one per purchase. Only while supplies last.
