

## **EVGA Announces GTX 285 Classified and X58 Classified 4-Way SLI**

**Brea, California and Munich, Germany - Monday, August 31, 2009** □

EVGA Corporation, the leading-edge 3D processor and motherboard manufacturer, announces the most innovative motherboard to date, the EVGA X58 SLI Classified 4-Way SLI along with the EVGA GTX 285 Classified graphics card. This platform is the world's first setup capable of running in 4-Way SLI mode.

The innovation does not stop there, the EVGA GTX 285 Classified features many improvements in addition to the 4-Way SLI support, with an ESR/ESL Film capacitor for the cleanest power possible, dedicated voltage read points, an 8 phase digital PWM, X-Cool jumper for extreme overclocking and 3 6pin PCIe connectors.

The EVGA X58 Classified 4-Way SLI motherboard features all the innovations from the original EVGA X58 Classified motherboard, plus a total of 7 PCIe slots capable of running in 4-Way SLI mode, and EVGA EVbot support.

New and key features introduced on the EVGA GTX 285 Classified graphics card:

- GeForce GTX 285 GPU
- 4-Way SLI Support
- 8 Phase Digital PWM
- Low ESR/ESL Film Capacitor
- X-Cool jumper for Extreme OC
- 3 PCIe 6 pin power connectors
- Dedicated Voltage Read Points
- EVGA EVbot support

New and key features introduced on the EVGA X58 SLI Classified 4-Way SLI motherboard:

- Intel® X58 Express Chipset with the ICH10R Southbridge
- 7 PCIe Slots for 2-Way, 3-Way, 4-Way SLI or CrossFireX Support
- 10 Phase Digital PWM with Switching Frequency of 1333KHz
- Low ESR/ESL Film Capacitor
- 100% Solid State Capacitors
- EVGA E-LEET Tuning Utility Software
- EVGA EVbot Support
- EVGA ECP V2 (EVGA Control Panel)

### **About EVGA**

EVGA is the #1 NVIDIA authorized partner in channel sales throughout North America. Based on the philosophy of intelligent innovation, market knowledge, and the real time operation, EVGA continues to identify the need in the market place and providing the solution to that need. By offering product differentiation, a 90 day Step-Up program, and other customer focused programs, EVGA is a clear leader in all categories: etail, retail, distribution, and system builders. With headquarters in Brea, CA, EVGA's global coverage includes EVGA GmbH in Munich, EVGA LATAM in Miami, and EVGA Hong Kong. For further information online about EVGA, visit <http://www.evga.com>.
