

After years of waiting, Duke Nukem Forever has finally arrived. He didn't come empty handed though, this time he brought his Fully Loaded Package with him! Included in Duke's Fully Loaded Package is not only a special Edition EVGA GeForce® GTX 560 graphics card, but also the full version of Duke Nukem Forever, a custom mousepad, belt buckle and artbook!

Know what else is big in this package? Performance. The included EVGA GeForce® GTX 560 allows you to discover the incredibly detailed world of Duke, and if you pair it up with NVIDIA 3D Vision™, you can add a whole new dimension!

Duke's Fully Loaded Package should give you all the arsenal you need to defeat the alien ba***** that have been stealing Earth's women, and worst of all drinking Duke's beer. Get ready to kick @\$\$* and make those aliens pay. Remember, you mess with the best, you die like the rest... Hail to the King Baby!
