EVGA DG-76 Gaming Case

Part No: **160-B0-2230-KR (Matte Black)**
166-W1-2232-KR (Alpine White)

Designed to look as expensive as the hardware you put inside it, but at a price that won't force you to compromise. The mid-tower is the ideal form factor that is well balanced between usable space and overall footprint. DG-7 is a case designed with aesthetics and function in mind, and is the perfect mid-tower solution. DG-7 features convenient and easy cable management, wide range of radiator support, durable steel frame. The tempered glass side panel is perfect to show off your system, no matter if you go with traditional GPU mount or vertical GPU mount.
