

EVGA NU AUDIO Pro

Surround PCIe Audio Card

INTRODUCTION
PART NO: 712-P1-AN10-KR

Introducing the EVGA NU Audio Pro Cards. The pursuit of audio perfection on a PC takes another step forward with the introduction of a 7.1 Surround solution by EVGA and Audio Note (UK). The NU Audio Pro Surround is an add-on card for the EVGA NU Audio Pro* to enable an aural overload of 7.1 analog surround sound. Featuring Audio Note's exclusive SEIRYU audio capacitors, 3 rollable op-amps, and a carefully crafted cover and backplate to block EMS, the NU Audio Pro Surround is carefully crafted with a more refined look and audio signature than its predecessor to bring you the Next Level Of Lifelike Audio.

*NU Audio Pro (712-P1-AN11) required for operation. Must be purchased separately.
